## Corporate Fact Sheet

### About

Sitestar is an Internet access and computer solutions provider that offers narrow (dial-up) and broadband (wireless, cable and DSL) Internet access, Web hosting and design and other value-added services to residential and commercial customers. With a focus on competitive pricing, reliability, service and speed, Sitestar delivers value. Founded in 1999 and traded on the over-the-counter bulletin board exchange under the symbol SYTE, Sitestar has the financial muscle and staying power to sell and support a comprehensive portfolio of existing and emerging services.

### History

Sitestar was founded in 1999 as an Internet Service Provider (ISP) and web development company in Martinsville, Virginia. Today, Sitestar has grown its customer base organically and through strategic partnerships and acquisitions to include tens of thousands of customers throughout the United States and Canada.

### Services

#### Internet Access - United States

Dial-up and high speed broadband Internet access throughout the United States. [www.surfwithus.net](http://www.surfwithus.net)
